## Exclusive eyewear discounts for RBC Insurance plan members

RBC Insurance® has partnered with **FYidectors**, Canada's largest eye care provider, to bring preferred pricing on glasses and contact lenses to your clients, their employees and eligible dependents. FYidectors makes it easy to find nearby eye care providers, book appointments, and access a suite of eye health resources. Your clients can reduce their out-of-pocket costs on everyday eyewear needs by taking advantage of these exclusive discounts:

### 20% off regular priced frames and lenses

Complete pairs including prescription sunglasses. <sup>1</sup>

### 10% off regular priced contact lenses

All brands and types available. <sup>2</sup>

### 10% off Lifestyle Packaged priced frames

Complete frame and lens packages.

### What you need to know:

Plan members can visit the exclusive [RBC Insurance plan member site](#) to view discounts, find a provider, and access eye health care resources. Plan members in Quebec can access the [Visique plan member site](#). Visique is a partner brand of FYidectors with locations across Quebec. These links can also be accessed via [RBC Online Insurance](#).

Discounts are available to plan members and their eligible dependents that have extended health coverage. Direct billing is not available at this time.

### Next steps:

We will share this news with your eligible clients via the [attached communication](#) on February 19, 2026. This communication includes an [insert](#) that plan administrators can forward to their employees, encouraging them to access FYidectors. Review these communications to learn more about this offering, how to access, and additional resources available to clients.

### Questions?

If you have further questions about how RBC Insurance group benefits can help your clients, please contact your local Group Sales Consultant at 1-855-264-2174.

<sup>1</sup> Regular priced optical frames and lenses. Excludes Maui Jim, RayBan Meta, and Oakley Sun products.

<sup>2</sup> Regular priced contact lens boxes. Does not apply on top of 1-year contact lens supply discount. Cannot be combined with instant savings. Can be applied when mail-in rebates are available.

FYidectors (Visique in Quebec) is a doctor-led, patient-first eye care provider with 370+ clinics across Canada. Their optometrists believe in a proactive approach to eye health and use leading-edge diagnostic tools to detect potential health problems before symptoms appear. They use lenses made in Canada, have a virtual try-on tool, and offer a 30-day guarantee.
